Mission Statement

To lead the community in the humane treatment of animals.

Working individually and in partnership with similar valued organizations, we will create a humane community for all animals through education, advocacy, and the promotion of respect and compassion.

The Humane Society Calumet Area operates under a "no kill" philosophy. This means we never euthanize an animal to provide space for another incoming animal, nor do we euthanize based on age or breed. We do our best to place every adoptable animal that comes through

Because we do not euthanize for space or based on time limit, we are sometimes forced to turn animals away. We make every effort to avoid this unfortunate reality, but it is important to the health and safety of the animals in our care that we know our limits. We are always trying to find way to expand the scope of what we are able to do and how many animals we are able to help.
